

Tiffin Schools
Business Council Meeting Minutes
October 17, 2024
8:00 AM
Hampton Inn Conference Room

Larry Kisabeth called the meeting to order at 8:00 am. He asked for the minutes to be approved. Chris Joyce moved we accept the minutes; Greg DeVore seconded the motion. The motion passed.

In small groups, the membership was asked to use list made at the September meeting concerning the purpose and roles of the Business Council to write a short paragraph they would explain our purpose. They were also asked to decide what they felt was the top three roles of our Business Council. After the work session, the paragraphs and list of roles were shared with the group and discussed.

Pat shared the updated 4th and 5th grade REACH book. The new lessons were shared and explained. The REACH Business Partners can use either book or use both the old and new book this year. The 6th grade would like to have REACH, but at this time there are not enough business partners. There needs to be 6 business partners for us to have the program.

Discussion was held on several items:

- a. Tiffin Elks Foundation Regatta
They want to pair a student group with a business to build a boat for the Regatta. After much discussion especially concerning possible drinking at the affair. Heidi Stephey offered to get more information about the day and any problems in having students attend.
- b. Student Business Council
We need to have a liaison between the council and the students. This group of students could evaluate activities and events from the student prospective. They could provide ideas of what students want and how to reach them, motivate them, and support them.
- c. The Job Fair would be April 16. This would be right before Spring Break for all the schools. This may or may not be a good day. More research needs to be conducted.
- d. Several items listed on the agenda will be moved to the next meeting.

Larry adjourned the meeting at 9:00 am.

Next Meeting: November 21, 2024

Time: 8:00 AM

Place: To Be Determined
