Dear

On behalf of Tiffin City Schools, we are pleased to formally express our commitment to joining a new athletic conference alongside Bellevue, Columbian, Clyde, Norwalk, Perkins, Sandusky, Huron, Port Clinton, Edison, and Vermilion High Schools. We believe that this new conference will provide significant benefits for our student-athletes and school community, including improved competitive balance, travel, and strengthened partnerships among neighboring schools.

This decision has been carefully considered, and we are excited about the opportunities this new conference will bring to all member schools. We look forward to contributing to the success and growth of this collaborative effort.

We look forward to working with all participating schools to establish a strong and competitive conference.

Sincerely,  
Jerry Nadeau
