# INTERVENTION AND DATA BASED DECISIONS

Creation of Core+  
Additional instruction in reading for at-risk readers

**Strategy: Develop a Content Specific MTSS plans to reflect individual building components, including universal screeners, evidence-based instruction, progress monitoring, data-based decision framework, common tier two interventions, collaborative teaming, PD, communication protocols, and systematic implementation.**

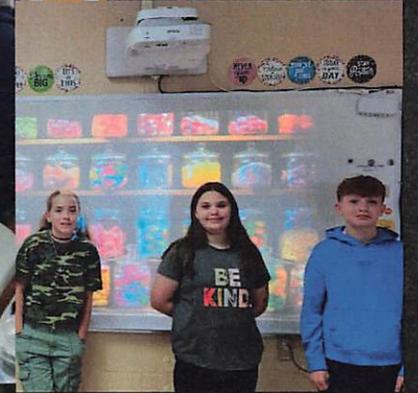

## Action Step 2.1: MTSS Screeners

Administer universal screeners for reading to identify students in need of tier 2 and 3 interventions.
