

Proposal for Academic Readiness Intervention System (ARIS)

The [Academic Readiness Intervention System \(ARIS\)](#) is a research-driven intervention curriculum specifically for students with autism. ARIS builds essential skills in language, motor development, social-emotional growth, self-help, functional routines, and early academic readiness. ARIS is designed to create a personalized learning plan that aligns with student IEP goals and objectives to close developmental gaps, bring students closer to learning alongside their peers, and helps them achieve academic readiness.

Flashcards

Thousands of flashcards: picture cards, sight word cards, math cards & more

Manipulatives

Hundreds of manipulatives: realistic figurines, blocks, beads, letters & math manipulatives

Detailed Lesson Plans

202 easy-to-follow lesson folders ensure consistent instruction, and include useful teaching tips

The curriculum committee is recommending the purchase of 1 ARIS Kit, plus professional development to the Board for adoption. The 1 ARIS Kit will allow the SLP to provide hands-on differentiated student focused activities to the classroom staff for implementation with identified students.

Implementation & Professional Development:

- Materials, Resources, and Professional Development:
 - Estimated Total Cost: **\$12,295 - 1 Kit, plus PD**
