Dunkin' Prom

Our Dunkin' Prom program is focused on our teenage patients who due to illness and treatment may miss out on their prom night experience.

Prom is celebrated by almost every teen each spring, but every year patients battling illness may have to miss the party. The **Dunkin' Prom** program provides funding to hospitals to host a prom-like event so that teen patients who might not be able to attend their own prom can still have that special milestone moment. This program provides funding support for the hospitals to develop a prom theme and secure event space, food, entertainment, photographers, formal wear for patients and ultimately provide an incredible prom night for teens. The Foundation has been able to fund over 50 proms in hospitals across the country.
