Minutes from the July 14th meeting:

Present for the meeting were, Dr. McBride and Mr. Nadeau. The team discussed the student/parent handbooks for the 2025-26 school year. While there were minimal changes to most of the handbooks, it was noted that all K-12 handbooks were updated to reflect changes in the cell phone policy as well as student exclusions/expulsion. Due to timing and some legislative action, language for communication and social media use were not available at this time. It is anticipated we will have our legal review returned in time for the start of school. At that time, the handbooks will be amended.

The team also discussed required policy changes due to action taken. The changes included removing language associated with the loss of driving privileges as a consequence for students.
